**ILLUSTRATED
PARTS
BREAKDOWN****MicroVAX 3100/VAXserver 3100
InfoServer 100 SYSTEMS****HOW TO USE THE IPB****GENERAL**

This IPB is compiled following the organization and nomenclature of the engineering drawing structure.

MAJOR ASSEMBLY LOCATOR (When Applicable)

The Major Assembly Locator (first illustration) is an index that provides a description and a figure reference for all illustrations used in this manual.

INDENTED PARTS LIST

This manual identifies each assembly being broken down (figure reference callout), and all parts of that assembly. Further breakdown of an assembly is shown by an asterisk (*) preceding the item callouts in the Description Column. The number of asterisks preceding an item is used to denote the subordination of that item with respect to the Major Assembly. A single asterisk preceding an item description indicates that the item is part of the major assembly being illustrated. Items that are subordinate to single asterisks items, are denoted by two asterisks (**) and immediately follow the related single asterisk item. This system of part identification provides a means for the user to identify the next higher assembly item and make alternate selections for parts when the required replacement part of assembly is not immediately available.

COLUMN CALLOUT DESCRIPTION

Figure and Item – Indicates the figure number and item number of each part.

Description – Lists the name of the part and pertinent specifications (when required). Asterisks preceding the description denote the subordination of the part to the next higher assembly.

DEC Part No. – Lists the Digital part ordering number. A blank in this column indicates a Digital part number was not assigned at the time of publication.

ECO Cut-In – The notation at the top of this column indicates the ECO level of the system (option), at which the IPB was initially prepared. Subsequent ECO level designations, that modify existing parts or add new parts to the device, are inserted in the ECO Cut-In column next to the part that is added or modified.

Used On Code – Letters in this column correspond to the variation codes assigned in Figure 1. Parts with an Alpha notation(s) are used only in those option variations. A blank indicates that the part is used on all option variations.

Ref Fig No. – A cross reference between illustrations. For each Major Assembly, the number in this column denotes the figure of the next higher assembly. For all subassemblies, the number in this column denotes the figure showing additional detailed breakdown.

PART NUMBER/PART DESCRIPTION INDEX SECTION

Parts are indexed both numerically and alphabetically by description, referenced to a location within the IPB, by figure number and item number.

REVISION HISTORY

Screw, Sems Phi Pan Hd No. 4-40 x 3/8	90-09643-00	1	6
Screw, Sems Phi Pan Hd No. 4-40 x 3/8	90-09643-00	4	7
Screw, Sems Phi Pan Hd No. 6-32 x 5/16	90-09984-07	4	18
SHELF ASSEMBLY, LOWER DRIVE (Models 20 and 20e)	70-27093-01	4	6
SHELF ASSEMBLY, LOWER DRIVE (Models 20 and 20e)	70-27093-01	7	N/A
Shelf, Drive	74-39291-01	1	10
Shelf, Lower Drive	74-38985-01	7	1
Shelf, Upper Drive	74-37702-01	4	9
Shield, Plate (added)	74-43806-01	4	40
Standoff, Male to Male (deleted)	90-10870-01	4	43
Standoff, Nylon	12-19857-05	3	5
Standoff, Nylon	12-19857-05	5	7
Standoff, Nylon	12-30106-03	3	7
Standoff, Nylon	12-30106-03	5	5
Standoff, Self Clinching No. 6-32 x 7/16	90-10014-00	7	4
Support	74-38988-01	7	2
Tee, Coax BNC	12-25869-01	1	Not Shown
Tee, Coax BNC	12-25869-01	4	Not Shown
Terminator, SCSI 50 Position (added)	12-33816-01	4	44
VAXserver 3100 System	70-27100-02	1	N/A
VAXserver 3100 System Model 10e (added)	70-27100-04	1	N/A
VAXserver 3100 System Model 20	70-27099-02	4	N/A
VAXserver 3100 System Model 20e (added)	70-27099-05	4	N/A
Weldment, Cover	70-26169-01	6	1
Weldment, Top Enclosure	70-25786-01	2	1

NOTE

When the description includes "added" or "deleted, ALWAYS refer to the figure parts list for the latest part description.

READER'S COMMENTS

MicroVAX 3100/VAXserver 3100/InfoServer 100 SYSTEMS
Illustrated Parts Breakdown
EK-A0372-IP-003

1. How did you use this manual? (Circle your response.)

- (a) Installation (c) Maintenance (e) Training
(b) Operation/Use (d) Programming (f) Other (Please specify) _____

2. Did the manual meet your needs? Yes No Why? _____

3. Please rate the manual on the following categories. (Circle your response.)

	Excellent	Good	Fair	Poor	Unacceptable
Accuracy	5	4	3	2	1
Clarity	5	4	3	2	1
Completeness	5	4	3	2	1
Illustrations, examples	5	4	3	2	1
Overall ease of use	5	4	3	2	1
Table of Content, Index	5	4	3	2	1

4. What things did you like *most* about this manual? _____

5. What things did you like *least* about this manual? _____

6. Please list and describe any errors you found in the manual.

Page Description/Location of Error

7. Which of the following most clearly describes your job ? (Circle your response.)

- (a) Administrative Support (e) System Manager (i) Education/Trainer
(b) Manager/Supervisor (f) Computer Operator (j) Sales/Marketing
(c) Scientist/Engineer (g) Software Support (k) Other (Please specify)
(d) Programmer/Analyst (h) Hardware Support

OPTIONAL INFORMATION

Name _____ Job Title _____

Street _____ Company _____

City _____ Department _____

State/Country _____ Telephone Number _____

Postal (ZIP) Code _____ Date _____

THANK YOU FOR YOUR COMMENTS AND SUGGESTIONS.
